

Yeast and Life Sciences

CSHA Meeting & 21st JBS Biofrontier Symposium

Abstract deadline : August 4th, 2023

MATSUE, JAPAN
Kunibiki Messe

Shimane Prefectural Convention Center

October 9-13, 2023

Organizers

Brenda J. Andrews
University of Toronto

Marco Foiani
The FIRC Institute of Molecular Oncology

Daochun Kong
Peking University

Hisao Masai
Tokyo Metropolitan Institute of Medical Science

Frank Uhlmann
The Francis Crick Institute

Major Topics

1. Cell Growth Controls
2. Organelles
3. Cellular Metabolism
4. Chromosomes
5. DNA Replication, Recombination and Repair

Keynote Speakers

Fred Chang, University of California, San Francisco

Yoshinori Ohsumi, Tokyo Institute of Technology

Invited Speakers

Brenda J. Andrews, University of Toronto

Charlie Boone, University of Toronto and RIKEN Center for Sustainable Resource Science

Gloria Brar, University of California, Berkeley

Orna Cohen-Fix, NIDDK-NIH

Tom Dever, National Institutes of Health

Li-Lin Du, National Institute of Biological Sciences

Marco Foiani, The FIRC Institute of Molecular Oncology

Xiangwei He, Life Sciences Institute, Zhejiang University

Daochun Kong, Peking University

Keiko Kono, Okinawa Institute of Science and Technology Graduate University

Qing Li, College of life sciences, Peking University

Robbie Loewith, University of Geneva

Mart Loog, University of Tartu Institute of Technology

Hisao Masai, Tokyo Metropolitan Institute of Medical Science

Jun-ichi Nakayama, National Institute for Basic Biology

Ken-ichi Noma, University of Oregon

Snezhana Oliferenko, King's College London

Dirk Remus, Memorial Sloan Kettering Cancer Center

Frank Uhlmann, The Francis Crick Institute

Elcin Unal, University of California, Berkeley

Dan Zhang, Temasek Life Sciences Laboratory

Jin-Qiu Zhou, Shanghai Institute of Biochemistry and Cell Biology, CAS

Fellowship

We are eager to have as many young people as possible to attend our international meetings since they are likely to benefit most from meeting other international colleagues in the same field. A certain number of presentations by graduate students and postdocs in this conference will be selected as fellowship (USD \$100 - \$500) awards.

Cold Spring Harbor Asia (CSHA) is the Asia-Pacific subsidiary of New York based Cold Spring Harbor Laboratory (CSHL). Inaugurated in 2010, CSHA is dedicated to promoting international scientific exchange in the Asia-Pacific region by offering cutting-edge scientific conferences and advanced training courses.

To register please visit www.csh-asia.org <<http://www.csh-asia.org/>>

Co-sponsored by the Japanese Biochemical Society
